

# **Term 1 Highlights Yr. 2 E 34**

Having created a safe class learning environment, students in E 34 have been engaging in rigorous and challenging learning throughout this term. They have learnt to be organised, responsible and persistent learners and are all working towards what it means to be 'powerful learners'. We have had lots of great work happening this term with lots of new knowledge, skills and creative thinking being explored and shared across curriculum areas. During class sharing times, the class have been given the opportunity to express and share their learning and in particular the activities that they have enjoyed most and why this term. It's been most pleasing to see students how efficiently they've learnt to organise themselves and quickly settle into their reading program each morning. The children have learnt how to use the appropriate reading skills to read, comprehend and share their skills in front of a class audience. These are highlights from various students.

\*What I've enjoyed most this term has been doing the circuit for fitness in P.E. as well as doing drama activities with Kathryn. (Andleeb)

\* The activities which I have enjoyed most this term have been Mathematics. I've learnt how to practise place value of numbers with tens and ones using the whiteboards. (Brooklyn)

\* The activities that I've enjoyed most of all this term have been sketching pelicans and dolphins. (Armaan)

\*A highlight for me has been doing STAR problem solving in Mathematics and singing songs with

Ms. Desi our teacher. (Olivia S.)

\* I've enjoyed learning about Life cycles in Science and in Mathematics I've learnt how to do chunking method for addition. (Karsh)

\*What I've enjoyed most in my learning this term has been working with Place Value with Tens and ones and sorting them out. (Rashmi)

\* What Olivia Tong and Dakota Ding have enjoyed most has been working together to solve maths problems and doing partner reading during reading activities.

\*What I liked about 'Harmony Day' has been singing with everyone in Aurora Building the song

'I am Australian'.

I've also enjoyed having lunch in the Japanese Garden with our Buddy Class. (Michael)

Here, students are learning and cooperating together.
