

E43 Term 1 Review Newsletter

The first term of school has gone so fast and we have learnt so much! Here is a snapshot of some of our learning.

Maths

We used 10 frames to show numbers with counters— Ruheen.

We do flip questions. You need to guess what number the teacher has by asking questions— Dawn.

We do problem solving. One question was doing 13 cars in groups - Justin. We also did how much food the hungry caterpillar ate— Amelie.

We played the fly swat game where someone has to be the judge and when they say the number you

have to slap it very quickly before the other person gets it - Mia.

Some strategies we have learnt are rainbow facts, doubles, near doubles, counting on and subitising— Ruheen.

Literacy

We have been learning tricky words like 'the'— Talika.

We wrote goldilocks and the three bears. We made a book— Justin.

We also wrote about the three little pigs— Japreet.

We do Magic writing. It is when we do real writing about anything and you sound it out— George.

The Story table has a book on it and sometimes it is the same and sometimes it is different - Amelie. There is other things on the table so we can retell the story— Ruheen.

In phonics we write letters and learn sounds - Pranil. We do phonics activities. My favourite was bingo and the pegs— Justin.

Design and Technology

We made a house for the bad wolf to blow down the pigs. The big bad wolf was a machine, hair blower - Justin. We made it out of popsticks. The big bad wolf blew them down and only mine fell down and the rest stayed up -Amelie.

We made chairs for the puppet bear to sit on. It was hard. We needed to make it out of paper with partners— Japeet.

Health

We made turtles because Toto fell down and kept trying. He was persistent— Elena.

We used the puppets to learn about being persistent, getting along, being confident and organized— Caleb and George.

We learnt about feelings. We made a happy face and a sad face— Khan.

We made fish. We read the rainbow fish and he shared his sparkles with his friends— Ana.

HASS

We made lanterns for Chinese new year - Jing.

We made a house and backyard and inside I put my mum and dad and sister and me— Miki.

We drew our face and half of our t-shirt and then when we were finished we painted it. We put things about what we like underneath - Ana.

Science

We made clouds in Science. We made one raindrop each because a cloud is made with tiny little raindrops - Yerim.

We went outside and drew the clouds. We learnt about the water cycle. When it rains the water comes down then when its sunny it goes up and then it rains and it goes down again and it keeps happening - Mia.

We went for a walk and looked for places that had water. We found some taps and some puddles -Amelie.

Special Events

National Day of Action Against Bullying and Violence

We got a bracelet at the start. We talked about bullying— Ana. We watched a story about an alien who pushed in line, he ate all the grapes and he didn't let the kids play with the rocket -Elena.

Harmony day

We made hands and stuck it to make a flower - Miki.

Harmony Day is about being good to other friends— Amelie.

It's about filling up people's buckets— Ana. All being friends together— Khan.
