School Values

Pride Cooperation Quality Respect

Welcome Back!

Welcome to the beginning of Term 3. We hope you have all enjoyed your holiday break. This term there is a pre-service teacher joining our class. His name is Joshua and we are looking forward to having him work with us. The class is participating in the Footsteps dance program each Wednesday at 11:15.

English

Students will be focusing on the following text types: Information Report and Explanation. We will be looking closely at the structure, grammar and writing features of these two text types and there will be a focus on vocabulary and text organisation to improve writing. We will continue with our Jolly Grammar program focusing on teaching grammar, spelling and punctuation.

Mathematics

We will continue practising our Recall Facts through a variety of hands on games and encourage students and families to practise at home. We will be continuing our learning on number and place value. We will be learning about measurement and three-dimensional shapes. We will also be learning about angles and identifying and classifying a variety of them.

Humanities and Social Sciences

Students will be learning History in term 3 with a focus on local community as well as the role that people have played in its development. We will also looking at Aboriginal and Torres Strait Islander traditional stories.

Science

We will be looking at Physical Sciences, learning about how heat can be produced in many ways and can move from one object to another. We will also be learning about how forces can be exerted by one object on another.

Child Protection Curriculum

As mandated by the Department for Education, classroom teachers will implement the Child Protection Curriculum in each term. We will be covering Recognising and Reporting Abuse this term.

Science, Technology, Engineering and Math (STEM)

Our STEM activities are integrated across the curriculum. The students will develop their problem-solving skills through designing, making, modifying and appraising depending on the student's interests and inquiry questions about the given topic.

Specialist Subject areas:

This year specialist subjects are The Arts, Japanese and Health and Physical Education (P.E). Please see specialist subjects' newsletters for more information. Each week students will participate in two P.E lessons, two Japanese lessons and one Arts lesson.

TR 10	
Monday	12:00 Japanese
Tuesday	2:15 Japanese
Wednesday	12:00 PE
Thursday	10:10 The Arts
Friday	9:25 PE

I look forward to working in partnership with families and students to achieve successful learning outcomes as well as supporting student wellbeing.

Kind regards,

Monica Kemp
