

TR4/E41 Term 2 Overview

2022

Welcome back term 2!

We hope you had an enjoyable holiday break with your child. We look forward to continuing to be a part of your child's learning journey throughout the term.

English

This term the students will be focusing on the following text types: Exposition writing and Review and Response. We will be looking closely at the structure, grammar and writing features of these text types. We will also be continuing Jolly Phonics and Grammar, Handwriting and Oral Language as part of our learning in English. Guided Reading programs focusing on a variety of reading comprehension strategies will also continue throughout this term.

Science

Physical Science –

In Science students will investigate how light and sound can be produced by a range of sources. They will learn to recognise how our senses are used to learn about the world around us: our eyes to detect light, our ears to detect sound, and touch to feel vibrations.

Mathematics

This term we will continue to develop our number knowledge with numbers up to 100. We will have a particular focus on place value. Students will also learn about number strategies including rainbow facts, skip counting, doubles, near doubles, fact families etc. This will support them as they continue to strengthen their understanding of addition and subtraction. Students will investigate shape (2 dimensional shapes and 3 dimensional objects), location and chance.

HASS

History— Students will be focussing on the differences and similarities between their daily life and life during their parents and grandparents childhoods.

PE/Health, Japanese, The Arts

Specialist providers Michael, Des, Erin Lauren and Abby are covering these subjects. You can read about their programs in their specialist newsletters accessed via the school website.

Important Dates

Monday 23rd May – Pupil Free Day

Monday 13th June – Queens Birthday
Public Holiday

Friday 8th July – End of term
2pm dismissal

Child Protection Curriculum

This term's CPC focus is relationships. We will be learning about trust and developing a network of trust.

Technology

In Digital Technology students will learn basic laptop skills including— logging on, mouse skills and typing in word documents. In Design and Technology students will learn a variety of joining skills.

STEM

(Science, Technology, Engineering and Maths)

We will be integrating STEM throughout all aspects of the curriculum this term.

Due to the colder weather approaching please make sure you send a named jumper or jacket to school with your child. We would love a box of tissues from each child to replenish our supplies.

Warm regards from TR4/E41,

Michaela and Bianca.
