

# Mawson Lakes School

## VISION:

**Developing Life Long Learners Who Positively Influence Our Community in a Global Context**

## AIMS:

*Mawson Lakes School provides quality learning for life, by working with learners to confidently:*

- become lifelong learners with inquiring minds
- be able to work independently and collaboratively
- emerge with high level technological skills for a rapidly changing world
- set personal goals to achieve their highest quality work across the curriculum
- live the school values - Cooperation, Respect, Pride and Quality.
- develop life skills enabling flexibility, adaptability and resilience for the future

## MISSION:

*We believe that each learner will experience success through:*

- a safe, stimulating and enriching learning environment
- a program of varied and quality curricular experiences
- relevant and accessible learning resources
- a culture that supports and develops partnerships between school, home and community
- a set of values that promote justice, equity and peace.
